Application No.: 10/534,142

Docket No.: SONYJP 3.3-1041

REMARKS

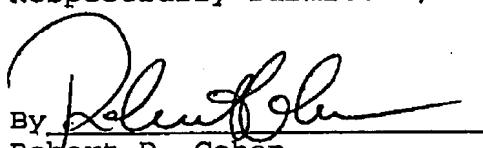

Applicant respectfully requests that the Examiner amend the Specification and Abstract as set forth above. The amendment to the Specification merely deletes a duplicative description of each of the reference numbers in the drawings. The submission of a revised Abstract is to overcome the Examiner's objections to the Abstract as originally filed and to conform the Abstract to all requirements of U.S. practice. No new matter is added by any of these amendments. Accordingly, applicant submits that this amendment is clearly enterable, and such action is, therefore, respectfully requested.

If the Examiner has any questions in connection with this submission, it is respectfully requested that he telephone applicant's attorney at (908) 654-5000

If there are any additional charges in connection with this requested amendment, the Examiner is authorized to charge Deposit Account No. 12-1095 therefor.

Respectfully submitted,
